All COVID-19 Cases by Report Week

Probable cases

- Probable cases are those who test positive with an antigen test, not a PCR test.
- Probable cases are not included in our confirmed case totals (PCR test only).
- Cases that are confirmed with PCR tests are removed from the probable totals.

14-Day Rolling Average of New Community COVID-19 Cases by Report Date

NEW CASE RATES - Community cases only

Hospitalizations by Report Week: All COVID-19 Cases

This graph shows hospitalizations by week for COVID positive Carroll County residents, in any hospital.

- Report week is the week their case was reported, which may not be the same week they were hospitalized. Only one hospitalization is noted per person.
- There is a slight data lag so recent numbers may increase.
- Additional hospital data can be found on our website:
<https://cchd.maryland.gov/carroll-county-md-cases/>

Hospitalizations and Deaths by Age Group (years): All COVID-19 Cases

COVID-19 Deaths by Week of Death

Please note:

- This data does not include deaths in probable cases.

Carroll County Health Department COVID-19 Vaccinations

CCHD:
1st doses
administered:
24,229

416 single-dose
J&J

2nd doses: 19,014

% Carroll County Population Vaccinated, by Week

— % ≥ 1 Vaccine Dose

— % Fully Vaccinated

% Vaccinated by Age Group

Percent COVID-19 Vaccination Estimates by Race/Ethnicity: Aged 20+ Years

Percent COVID-19 Vaccination Estimates by Race/Ethnicity: Aged 65+ Years

Vaccination Clinics

Many clinics are now available at the TownMall of Westminster for first and second doses of Moderna for people 18+. We also have one Johnson & Johnson clinic scheduled.

Register on our website. Walk-ins are also accepted.

<https://cchd.maryland.gov/registration-links/>

Children's Clinic for ages 12-17

- Pfizer vaccine
- Studies show it is safe and effective in ages 12-15 (already approved for 16+)
- Approved by CDC and Maryland Department of Health
- Clinic for ages 12-17 only on May 19th, 2 – 7:30 pm at the TownMall
- Working to schedule another clinic the following week dependent on vaccine allocation

When you are fully vaccinated

Prevention measures not needed

Take prevention measures

Fully vaccinated people: wear a mask

Unvaccinated people: wear a mask, stay 6 feet apart, and wash your hands.

Choosing Safer Activities

Accessible link: <https://www.cdc.gov/coronavirus/2019-nCoV/daily-life-cooping/participate-in-activities.html>

		Unvaccinated People	Your Activity	Fully Vaccinated People
			Outdoor	
Safest			Walk, run, wheelchair roll, or bike outdoors with members of your household	
			Attend a small, outdoor gathering with fully vaccinated family and friends	
			Attend a small, outdoor gathering with fully vaccinated and unvaccinated people	
Less Safe			Dine at an outdoor restaurant with friends from multiple households	
Least Safe			Attend a crowded, outdoor event, like a live performance, parade, or sports event	
			Indoor	
Less Safe			Visit a barber or hair salon	
			Go to an uncrowded, indoor shopping center or museum	
			Ride public transport with limited occupancy	
			Attend a small, indoor gathering of fully vaccinated and unvaccinated people from multiple households	
Least Safe			Go to an indoor movie theater	
			Attend a full-capacity worship service	
			Sing in an indoor chorus	
			Eat at an indoor restaurant or bar	
			Participate in an indoor, high intensity exercise class

"I got vaccinated
because COVID-19
vaccines are safe
and effective, and
an important way to
end this pandemic."
- Ed Singer,
Health Officer
